

# CERTIFICATE

THIS IS TO CERTIFY THAT

**Birdfinders**

and it's clients contributed

**£1,458**

to the World Land Trust Carbon Balanced Fund during the period from 1<sup>st</sup> April — 30<sup>th</sup> June 2013.

Thanks to your support:

**97.200 tonnes of carbon dioxide**

emissions from flights taken by Birdfinders clients and employees during this period will be offset through World Land Trust's Carbon Balanced conservation projects

These funds will be invested in land purchase and restoration of threatened tropical forests. WLT is working through local project partners to restore biologically important habitats throughout the world. At present these projects are in Ecuador, Brazil, Mexico and Paraguay and the portfolio is expanding.

Thank you for taking Positive Action

JOHN A BURTON, CHIEF EXECUTIVE, WLT
